

Floats

TM-D2-D3-D5

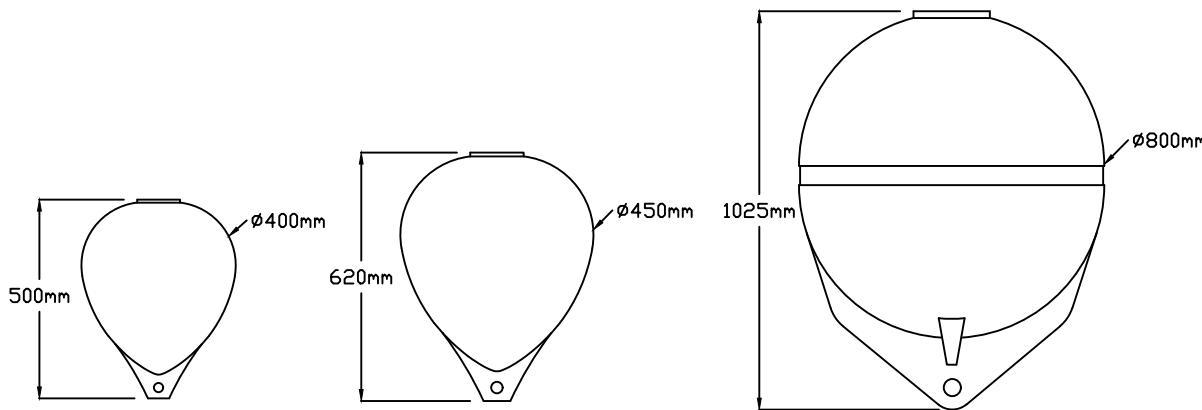

TRITONBUOYS

Tritonbuoys floats are constructed from UV-stabilized polyethylene, guaranteeing durability, watertight integrity, and suitability for marine environments. This high-grade material ensures that our floats withstand harsh conditions and maintain their functionality over time, making them ideal for various marine applications.

Product Code: TM-D2-D3-D5

The Tritonbuoys TM D2, D3 and D5 are perfect for a range of demarcation applications, including swimming areas, jellyfish barriers, security barriers, and more. These versatile floats are designed to provide effective separation and marking in diverse environments, ensuring safety and clarity for users.

TRITONBUOYS

Features:

- Highly durable.
- Lightweight for easy handling.
- A variety of high visibility colours.
- Range of sizes available.

	TM-D2	TM-D3	TM-D5
General Characteristics			
Available Colour	Green, Red, Yellow, White as per IALA; Customisation Available.		
Physical Characteristics			
Material	Rotationally- Moulded UV Stabilized Virgin Polyethylene		
Wall Thickness	6mm	6mm	6mm
Filling	Closed Cell Polyurethane (Density > 45kg/m ³)		
Diameter	400mm	500mm	800mm
Total Length	500mm	620mm	1025mm
Net Weight	4kg	7kg	37kg
Ballast (Concrete)	-	-	15kg
Volume	36Ltrs	72Ltrs	300Ltrs
Recommended Max Load	15kg	34kg	120kg
Certifications			
Warranty	1 Year**		
IP/Trademark	TRITONBUOYS® is a registered trademark		
Features			
	Nav Light Mounting Point		
	18mm base mooring Eye	18mm base mooring Eye	35mm base mooring Eye

* Specifications subject to change or variation without notice

** Warranty subject to terms & conditions
